I confidently endorse NJSBA's policy writing, management, and online services. Its tailored approach and ongoing support continues to serve our organization well. In these challenging financial times, NJSBA's affordable pricing, customized service, and free alerts and updates make superior policy management feasible.

Most of what we do as Superintendents relies on our knowledge and implementation of the district's policies. Our district uses NJSBA's Policy Service and we have found them to be a very effective asset in accomplishing our district's objectives. This policy service provides relevant, timely, and efficient policy additions and suggested revisions ready for board approval. NJSBA staff are always willing to work with us in making sure that our policies are up to date and that they reflect the goals of the district. Having the policies online further promotes the efficiency of the district. I highly recommend the NJSBA Policy Service.
